ACECQA is collecting the information on this form for the purpose of assessing this application under the National Law. The information on this form may also be provided to other authorities or to other government agencies in accordance with the Education and Care Services National Law.

ACECQA publishes redacted versions of the decisions of the Ratings Review Panel on its website in accordance with section 160(4) of the Education and Care Services National Law. You can find the decisions at:

<https://www.acecqa.gov.au/assessment/review/second-tier/panel-decisions>

Application requirements and assessment

An approved provider may apply to ACECQA for a further review (second tier review) of the rating levels determined for an approved service after the first tier review has been completed. An application for second tier review must be made within 14 calendar days after the decision of the regulatory authority's internal review (first tier review) is received by the approved provider. A Ratings Review Panel will be established to conduct the review.

An application for second tier review can only be made on the grounds that the regulatory authority:

- a) did not appropriately apply the prescribed processes for determining a rating level, or
- b) failed to take into account or give sufficient weight to special circumstances or facts existing at the time of the assessment and rating.

Please note that these grounds are used to determine the validity of a second tier review application. The Ratings Review Panel's remit extends only to confirming or amending the rating levels determined by the regulatory authority. The Ratings Review Panel cannot review the conduct of a regulatory authority or authorised officer.

The Ratings Review Panel is unable to review a decision made by a regulatory authority to apply the minor adjustments policy.

ACECQA will acknowledge receipt of the application by phone or email within 5 working days. The Ratings Review Panel will make a decision to confirm or amend the rating level(s) within 60 calendar days after the application for review is made. This period may be extended due to special circumstances or by agreement with the approved provider. The Ratings Review Panel will provide the approved provider and the regulatory authority written notice of its decision within 14 calendar days of the decision being made.

* Note: All references to the 'Education and Care Services National Law' in this form are to be read as a reference to the 'Education and Care Services National Law Act 2010' as applied as a law of the state or territory in which the service's rating of which you are seeking review of is located. References to ACECQA are to the Australian Children's Education and Care Quality Authority; established under section 224 of the Education and Care Services National Law.

Evidence

As part of the second tier review process, ACECQA will request documents from the regulatory authority that are relevant to assessment and rating and first tier review for consideration by the Ratings Review Panel.

This usually includes:

- the assessment and rating report;
- a copy of the authorised officer's site visit notes;
- any submissions made by the approved provider to the regulatory authority after receiving the draft assessment and rating report;
- the approved provider/education and care service's compliance history, if relevant; and
- the regulatory authority's findings at first tier review.

Please note that since ACECQA will request these documents from your regulatory authority after receiving your application you do not need to re-submit these documents with your application. We will send you a copy of these documents and provide you with an opportunity to respond in writing. On reviewing these documents, you may also wish to submit further evidence in support of your application.

Under section 150(1) of the Education and Care Services National Law, in addition to the documents from the regulatory authority that relate to your assessment and rating and first tier review, the Ratings Review Panel is also able to consider the following types of evidence:

- documents or other information, plans, photographs, video or other evidence that were available to the regulatory authority in carrying out the assessment and rating, whether or not they were actually considered by the regulatory authority; and/or
- submissions to the panel by the approved provider and the regulatory authority. Submissions may include explanations of evidence and/or facts existing at the time of the assessment and rating.

If you are submitting evidence with your application, please specify the submissions to which each piece of evidence relates in accordance with the Submissions and Evidence template at Attachment A. References to evidence (e.g. Attachment 6 - Photo of outdoor environment) will also enable the connection between your evidence and submissions to be demonstrated to the Ratings Review Panel when reviewing and assessing your application.

Important:

Your application will not be assessed unless it is determined to be valid. In order to be valid:

- you must have received a first tier review decision from the regulatory authority;
- this application must have been submitted within 14 calendar days after receipt of the first tier review decision of the regulatory authority;
